WHAT ARE COOKIES?

Cookies are small data or text files that are placed by websites onto your local computer. Such cookies can have different purposes: for example, you have technical cookies (for example with language settings), session cookies (temporary cookies) and tracking cookies (cookies that follow and track your behaviour on the website, in order to provide you with a more optimal user experience).

A cookie contains a unique code that allows you to recognize your browser during a visit to the website or to improve your user experience on repeated visits to the platform.

Cookies can be placed by the server of the website you are visiting or by a partner with whom this website cooperates. The server of the website can only read the cookies that it has placed itself. He has no access to other information that is on your computer or mobile device.

The content of a cookie usually consists of the name of the server that placed the cookie, an expiry date and a unique numeric code. Cookies generally make the interaction between visitors and the website easier and faster and help visitors navigate between different parts of the website. Cookies can also be used to personalize the content of the website to the user.

More information about the types of cookies can be found at www.allaboutcookies.org.

“ATLANTIC ENGINEERING” MAKES USE OF FOLLOWING COOKIES:

1. Necessary cookies

These cookies are indispensable for visiting our websites and for using certain parts of them. These cookies allow you, for example, to navigate between the different parts of the website or, for example, to fill out forms and discuss them on our platform. If you refuse these cookies, certain parts of the website may not work or will not work optimally.

2. Functional cookies

The functional cookies are the cookies that facilitate the functioning of our websites and make it more pleasant for the visitor and ensure that you get a more personalized surfing experience. For example, the website uses a registration or a newsletter. These cookies can be used to recognize you if you visit the website again and save your registration data or remember your preferences that you have indicated on the website.

3. Third party cookies

This website uses the following Third-party cookies:

- Google Analytics
